
Clipper 40

Price: $128,000

Acting as direct agents to the owner, we are delighted to offer for sale this 2008 Clipper 40 currently afloat on her berth in Hong Kong.

THE BOAT PRICE IS 1,800,000 HK\$ (Hong Kong Dollars)

CURRENT HONG KONG BERTH AVAILABLE TO NEW OWNER (circa 4500 Hkd/Month)

The Clipper 40 has been in constant production for many years and has gained an enviable reputation as being a solid, reliable and extremely seaworthy displacement trawler yacht design. With classic good looks and sleek lines, the Clipper 40 offers everything and more that you would expect to find in a trawler yacht of this size. A long central hull keel gives excellent directional stability and ease of handling, the hull form is renowned for its' superb sea-keeping qualities, this has been proven countless times often in the most adverse of sea and weather conditions. At deck level the design provides a deep, safe and well protected cockpit, wide side decks provide all round ease of safe access and boarding is made easy with a bulwark side door, large bathing platform with integral transom door and a sliding wheelhouse door.

Accommodation:

The Clipper 40 offers spacious and comfortable accommodation with a large saloon, two sleeping cabins and a spacious heads compartment with separate shower.

The saloon is entered by a sliding door from the cockpit or via the side wheelhouse door. It features C-Shaped seating aft to port with bench seating opposite to starboard, both of these can be used for sleeping occasional overnight guests. The well equipped galley is forward to port and has more than adequate storage and work surfaces. This particular boat benefits from an extension to the galley with an extra work surface and storage under. This galley works very well at sea.

Opposite the galley to starboard is the interior helm position with upholstered seating and fantastic all-round visibility. The sliding wheelhouse door gives easy side deck access for boarding, mooring and anchoring.

Below decks there are two separate sleeping cabins. To port is the bunked guest/family cabin with the heads and shower compartment opposite to starboard. The forward owners cabin is extremely spacious and comfortable with a large double berth, plenty of storage and plenty of natural light through opening side ports and an overhead deck hatch.

The interior fit-out is in beautifully hand-crafted teak joinery with walnut detailing. Clipper Motor Yachts have a well deserved reputation for producing a light, bright and airy interior feel that is both highly functional and yet still wonderfully warm and welcoming, this boat is no exception.

Specification:
