

Explorer 46 Sedan

Price: £495,000

This Explorer 46 Sedan was supplied by us from new to the current owner in 2014 and has been used for family cruising in and around the beautiful Hong Kong harbour and islands.

This semi-displacement design offers superb performance across the speed range being equally at home in displacement mode at 8 - 10 knots or cruising all day in semi-displacement mode at 14 knots. For those rushing to get home, the boat's top speed is circa 21 knots with a clean bottom.

The boat is powered by a pair of new series Cummins 6.7-litre QSB common-rail diesels that offer quiet operation, laudable fuel economy and increased performance. We also installed upgraded fuel filtration to offer the clean diesel that these engines thrive on.

As with all Explorer trawler yacht designs, the accommodation is both spacious and exceptionally comfortable. The 46 Sedan provides a light and airy saloon, galley and interior helm space with great all-round visibility either at sea or when mooring or anchoring. Down below provides two spacious sleeping cabins and a well-sized heads compartment and separate shower cubicle.

This experienced and knowledgeable owner commissioned the boat with his own choice of exotic lightwood interior, teak and holly style flooring throughout and ultra-leather fabrics for the saloon and interior helm station.

The interior deck level accommodation is all on one level throughout with galley forward to port, well-proportioned helm station with side-deck access door to starboard, C-shaped saloon seating aft to port and

TV/entertainments and storage running forward along the starboard side.

The cockpit is accessed by superyacht quality, polished stainless steel sliding doors making the entire saloon exceptionally light and bright, well ventilated and providing a seamless flow from the inside accommodation to the exterior space.

This is a great layout, highly sociable and ideal for entertaining.

Externally the 46 provides everything you would expect from an established Explorer design, large cockpit, extended bathing platform, wide side & foredeck areas, wheelhouse side door and a spacious and easily accessed flybridge with full wet bar, ample seating for on-board entertaining and again, truly wonderful all-round visibility.

The boat's exterior also features a range of bespoke elements.

Custom stainless steel rails and biminis were designed and fabricated in-house with meticulous weld quality, polishing of the welds and overall hand polish finishing before being installed.

Extensive use of teak, from the custom cap rails to a custom-designed swim platform, aft deck and side decks, all of which were measured and manufactured in our dedicated shipyard.

The custom swim platform design includes integrated swim ladders, quick-install stand-up transom shower and a low-profile ADC tender davit.

Options such as the Muir windlass and Italian anchor chain were also specified by the owner.

Other notable but standard features are the stainless steel saloon sliding doors, lower helm door and flybridge hatch from Aritex which are all polished to a mirror finish and of genuine superyacht quality.

We crafted a top-of-the-line custom lower helm chair from MarineTech in Australia that blends beautifully with the dedicated helm area, well laid out instrument panel and surrounding dash again covered in leather. Not forgetting the custom wheel which took our experienced carpenters many days of careful work to handcraft and assemble, it is a detailed work of art.

The smart use of LED lighting throughout, coupled with VIMAR light switches and dimmers, top-line door handles and reading lights further complement the contemporary look the owner wished to achieve.

Specification

Builder/Designer

Year:	2014
Builder:	Explorer Motor Yachts
Designer:	Explorer Motor Yachts
Construction:	GRP

Engines

No. of Engines:	2
Make:	Cummins
Model:	QSB6.7
Fuel Type:	Diesel
Total Power:	850 hp
Max Speed:	21 knots
Cruising Speed:	14 knots
Propeller Type:	4 Blade, Bronze

Accommodation

Single Berths:	2
Double Berths:	1
Cabins:	2
Bathrooms:	1
Heads:	1

Dimensions

Beam:	4.4 meter
Min Draft:	1.05 meter
Max Draft:	1.05 meter
Length Overall:	14.8 meter
Length on Deck:	13.78 meter
Dry Weight:	18600 kilogram

Tanks:

Water:	1 x 757 l
Fuel:	1 x 2196 l
Holding:	1 x 265 l

Location:

Hong Kong

DISCLAIMER

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

SPECIFICATION:

The following is a sample of the 'major item' specification extracted from the owners manual and original build specification.

Engines:

2 X Cummins QSB6.7 425HP Marine Diesels on convention shaft drive to 4 blade fixed bronze propellers.

Generator:

Onan 9KW 220/240 Volt diesel generator

Batteries:

Engine: 2 x 200AH

Domestic: 2 x 200AH

Generator: 1 x 100AH

Bow Thruster: 1 x 200AH

Electrical:

Mastervolt Battery Charger

Mastervolt Mass Combi Inverter/Charger

Pumps:

Total 5 x Rule electrical 12 Volt bilge pumps

1 x Shurflo fresh water pump

1 x Jabsco waste pump

Jabsco deckwash pump

Mechanical/General:

Bennett electric trim tabs

Muir electric windlass

Vetus electrical bow thruster with 2 station control

ADC 250 KG transom mounted tender deck crane

Tecma electric marine toilet

Seafire engine room fire system

ROCA screen wipers

Teleflex steering

WEMA tank gauges for fuel/water/waste

Air Conditioning:

All cabin & Saloon air conditioning by Cruisair

Electronics/Navigation:

Full RAYMARINE electronics package to include:

2 x E125 Plotters to lower and upper helm

RAY55E VHF

RD418D Raymarine Radar

RAYSTAR 125 GPS sensor

Raymarine autopilot

2 x Ritchie Compasses

Domestic/Galley:

Isotherm galley fridge/freezer

Dometic flybridge fridge

Kenyon flybridge BBQ

SMEG combination microwave Oven

Electric hob by SMEG

Entertainments:

Stereo radio/CD by Blaupunkt

Samsung TV (32") with Smasung DVD player

Covers:

Full cockpit enclosure with clear windows

Full foredeck cover

Flybridge wet bar cover

Flybridge helm seat cover

ADC deck crane cover

General:

Mooring lines & warps

Fenders and lines

Anchor, chain (10mm)
